

Friday, October 11

OPTIONAL WORKSHOPS (Advanced registration is required)

- 9:00-11:00**
Palmer Commons
(Great Lakes Central)
A2. Factor Mapping: A participatory workshop for embracing the complexity of sustainable development (Facilitator: Nicholas Valcourt)
- 9:00-11:00**
Dental Building
(Room G311)
A3. Best Practices in Case Study Use for Sustainability and Sustainable Development Education (Facilitators: Meghan Wagner, Kit Poon)
- 8:30-10:30**
Dana Building
(Room 3038)
A4. Life Cycle Analysis (Facilitator: Ming Xu)
- 12:00-2:00pm**
Michigan League
(Kalamazoo Room)
B1. Understanding the Data Curation Choices Behind the Indicator: SDGs and LSMS-ISA Measures of Progress (Facilitators: Ayala Wineman)
- 12:00-2:00pm**
Dental Building
(Room G311)
B2. Sharing Research for Impact (Facilitators: Arun Agrawal)
- 12:00-2:00pm**
Chemistry Building (Room 1640)
B3. Quantitative analysis: R (Facilitators: Nishan Bhattarai)
- 4:00-6:00pm**
Dana Building
(Room 3556)
C1. Long-Run Analysis of SDGs linked to the Food-Environment-Energy Using Open-Source Economic Modelling (Facilitators: Uris Baldos, Jing Liu)
- 3:00-5:00pm**
North Quad
(Room 1185)
C2. FLARE's decision support tools: The Livelihood and Wellbeing (LivWell) and Community Forestry (CommFor) Tools (Facilitator: J.T. Erbaugh)
- 3:00-5:00pm**
Dana Building
(Room 2024)
C3. Quantitative analysis: Metanalysis (Facilitators: Inés Ibanez Lais, Petri Ben Lee)
- 3:00-5:30pm**
Dana Building
(Room 3038)
C4. Co-creation in Humanitarian Innovation (Facilitators: Megha Hedge)
- 6:00-8:00pm**
Reception, University of Michigan Museum of Art (UMMA)

POSTERS

Displayed in Dana Building 1st Floor Commons – coming soon!

Saturday, October 12

8:00-8:45am	Check-in and Coffee	Location: Dana and Ford Commons
--------------------	----------------------------	--

Please note: Room numbers are likely to change and Moderators are denoted by *

8:45-10:00am	Track A: Sessions 1-12
---------------------	-------------------------------

Session 1: Climate, Forests, and Energy - Lightning Talks	Room: Dana 1028
--	------------------------

Noah Kittner*	ETH Zürich	Hydropower threatens peace in Myanmar
Johanne Pelletier	Cornell University	Wood energy and sustainability transition in the energy sector: a case study for Zambia.
Kira Sullivan-Wiley	Boston University	Reforestation intervention participation: the importance of goal-orientation and mixed methods for reforesting the Brazilian Atlantic Forest
Olivier Vilpoux	Federal University of Mato Grosso do Sul - UFMS	Who Wants To Pay For Pantanal? Experiences Of Payment For Environmental Services In The Preservation Of A Single Bioma
Louis Dupuy	APESA	Sustainability Assessment for Structural Transformation : Paths for Climate-Compatible Development
Matthew Sehrsweeney	University of Michigan	The Production of Adaptive Capacity: Power and Climate Adaptation in the Rural Pacific Northwest
Clara Ines Pardo Martinez	Universidad del Rosario	Trends and dynamics of material flow analysis in urban context. Bogotá as case study

Session 2: Agriculture and Transformations in Rural African Livelihoods	Room: Dana 3556
--	------------------------

Dan Brockington	SIID, University of Sheffield	Persistent Peasant Poverty and Assets
Anna Mdee	University of Leeds	Neither sustainable nor inclusive: a political economy of agricultural transformation in Malawi, Tanzania and Zambia
Katherine Snyder*	University of Arizona	"Modern" Farming And The Transformation Of Livelihoods In Rural Tanzania

Session 3: Communities, conservation and livelihoods**Room: Dana 1024**

Snehalata Sainjoo*	Michigan State University	Dynamics of forest dependency in the rapidly globalizing Caribbean coastal communities of Nicaragua
Philile Mbatha	University of Cape Town	Plural governance systems and rural coastal livelihoods in South Africa
Binilkumar Amarayil Sreeraman	National Institute of Industrial Engineering (NITIE), Mumbai	Preferences of Stakeholders over Sustainable Conservation of a Wetland Ecosystem: A Case of Loktak Lake in Manipur India
Azmah Othman	University Malaya	Conservation Of Marine Resources And Sustainable Coastal Community Development

Session 4: Local Institutions for Environment and Development**Room: Dana 1046**

Rimjhim Aggarwal*	Arizona State University	Fostering Sustainability: Design Heuristics for Emergence of Effective Governance in Social-Ecological Systems
Candice Carr Kelman	Arizona State University School of Sustainability	Key Criteria For Successful Collaborative Management Of Natural Resources
Tara Grillos	Purdue University	Building Effective Institutions for Sustainable Development: The Critical Role of Deliberative Argumentation
Bruno Francisco Chereque Lizarzaburu	Universidad del Pacifico	Institutional Design for Sustainable Tourism in Kiuñalla, Peru

Session 5: Community Action for Conservation and Development**Room: Dana 2024**

Ezengwa Akacha Daniel Chizaram	Department of Statistics, University of Ibadan	Community-based management strategies for Non-Timber Forest Products: A tool for sustainable food security in Nigeria
Khan Islam*	University of British Columbia	Community-Based Natural Resource Management: An Effective Tool to Reduce Poverty and Inequality?
Stefan Carpenter	Indiana University	The Impact of Climate Change on Community-Based Wildlife Management: A Case Study from Northwest Namibia
Samantha Williams	Stellenbosch University	Analyzing differing discourses in small-scale fisheries and conservation planning: Presenting case study outcomes from South Africa

Session 6: Supporting Children in Development **Room: Mason 1401**

James Bang*	St. Ambrose University	Do Remittances Help To Reduce Child Labor? Evidence from Punjab Province
Madhulika Khanna	Georgetown University	It's about time: An analysis of the intra-household allocation of children's time for three countries
Michael Henry	Department of Economics, University of Birmingham	Children's Resource Shares: Male Versus Female-Headed Households
Magali Valero	University of Michigan Dearborn	Why has there been a fall in child labor and an increase in school attendance in Mexico?

Session 7: Violence in Development-1 **Room: Mason 1427**

Inês Vilela*	Universidade Nova de Lisboa	Preventing Violent Islamic Radicalization: Behavioral Evidence from Northern Mozambique
Reuben Hermoso	DevTech Systems, Inc.	East Africa Collective Impact Evaluation of Countering Violent Extremism Programs
Michael Kevane	Santa Clara University	Ethnicity, public goods, and elections in Burkina Faso: Insights for the jihadist insurgency of 2016-19?
Yeyoung Lee	Seoul National University	Empowering Women Mitigates the Effect of Climate Shocks on Gender-Based Violence

Session 8: Innovation for Development **Room: Mason 1437**

Xiaolan Fu*	University of Oxford	Digital Based Technology Development in China
Jing Zhang	University of Nottingham	Capabilities, Incentives, Institutions and National Innovation Performance: A Cross-Country Study
Silvia Stuchi	University of Sao Paulo	Sustainable urban mobility and active transport: Experiences of public services innovation in the city of Sao Paulo
Thi Hoai An Nguyen	University of Paris 8 and IPAG Business School	Earlier Preschool Education for Better Skills? Evidence from Double Machine Learning Approach
Grace Burleson	University of Michigan	Incorporating Rapid Ethnography into Engineering Design: A Field Study of a Water Treatment System in Uganda

Session 9: Energy and Sustainable Development in India **Room: Mason 1449**

Ryan Stock*	Northern Michigan University	On the antinomies of solar parks: Evidence from India
Sangita Vyas	University of Texas at Austin	Switching to exclusive LPG use: Evidence from a panel survey in four north Indian states
Praveen Kumar	Boston College	Determinants of adoption and sustained use of Liquefied Petroleum Gas (LPG) in rural India
Shouvik Chakraborty	Peri, Umass Amherst	Sustainable Development and the Right to Energy in India

Session 10: Climate adaptation and Adaptive Capacity **Room: Mason 1436**

Sanjit Maiti*	University of Michigan	Changing Livestock Biodiversity: A Viable Adaptation Strategy for Climate Sensitive Indian Sundarbans ?!
Yamini Yogya	Arizona State University	Adaptive Capacity and Poverty Traps
Syed Mahbubur Rahman	American International University-Bangladesh	Revisiting the concept of adaptation co-benefit
Upasna Sharma	Indian Institute of Technology Delhi	Value of information in enhancing adaptive capacity of farmers to climate risk: Evidence from Haryana, India

Session 11: Drivers of Smallholder Responses and System Outcomes-1 **Room: Mason 1469**

Henny Osbahr, Grady Walker	University of Reading	Zero Budget Natural Farming in Andhra Pradesh: Developing the evidence base
Ralitza Dimova*	Manchester University	Crop Choice, Drought and Gender: New Insights from Smallholders' Response to Weather Shocks in Uganda
Yanyan Liu	International Food Policy Research Institute	Land Plot Size, Machine Use and Agricultural Intensification in China
Florence Opondo	University of Pretoria	Drivers of cassava value chain for commercialization of cassava. Systematic review of the Kenya and Nigeria cases.

Session 12: Local Institutions for Environment and Development**Room: Dana 2024**

Vishal Jamkar	University of Minnesota	Facilitating Factors and Constraints to Replication of Successful Community Forestry Efforts
Corrie Hannah	University of Arizona	A Meta-Analysis of Water Resource Governance and Irrigation Sector Decentralization in Africa
Patricia Kefilwe Mogomotsi*	Okavango Research Institute, University of Botswana	Sustainability of fisheries management at Lake Ngami, Botswana

10:30 - 11:45am**Special Session by Sara Bebbington, Track B: Sessions 13-25****“How to get Published” by Sara Bebbington****Room: Dana 1040****Associate Publisher - Geography, Planning & Development Portfolio, ELSEVIER**

Come and learn about the publishing process, insights into how to write a paper, how to find the right journal, the editorial process, common misconceptions that come with publishing such as ethics, language and copyright. How to promote and share your article once it's been accepted, choosing whether to publish your article as open access and monitoring its success via metrics.

Session 13: Agricultural Intensification: Risks and benefits-1**Room: Dana 1028**

Richard Mbih*	Penn State University	Effects of Agricultural Innovation in the Upper Noun Valley, Northwest Cameroon
Srabashi Ray	Oregon State University	Does agricultural input use impact household food security? Evidence from Tanzania
Mare Sarr	Penn State University	Climate change perception and system of rice intensification (SRI) in Tanzania
Clarietta Chagwiza	University of Pretoria	Determinants of technology adoption and use intensity among dairy farmers in Ethiopia

Session 14: Social Assistance Programs**Room: Dana 1046**

Natalia Cantet	University of Illinois at Urbana Champaign	Welfare Effects of a Non-contributory Old Age Pension: Experimental Evidence for Ekiti State in Nigeria
----------------	--	---

Heath Henderson*	Drake University	Cash and capabilities
Moumita Ghorai	Western Michigan University	Public works program, drought and health: A case study of India
Carmen Ponce San Roman	GRADE / York University	Reshaping the gender gap in child time use: unintended effects of a project expanding economic opportunities in the Peruvian Andes

Session 15: Protected Areas, Wildlife, and Conservation

Room: Mason 1401

Alicia Barriga*	University of Connecticut	The effects of Protected Areas enactment on malaria incidence in the Brazilian Amazon
Alejandro Lopez Feldman	CIDE/ITESM	Subjective wellbeing and natural protected areas in Mexico
Daniela Miteva	The Ohio State University	The importance of context in shaping the effectiveness of sustainability interventions: Evidence from Indonesia
Songkhun Nillasithanukroh	Duke University	Scaling back wildlife trade in the Mekong: A look into the farmer loophole

Session 16: Agriculture, Biodiversity, and Conservation: Payments for Ecosystem Services

Room: Dana 2024

Andrew Bell	New York University	A systems-theory approach to redesigning PES programs in agriculture
Katrin Rudolf	University of Goettingen	Achieving a suitable landscape pattern for biodiversity conservation through payments for ecosystem services – Evidence from a framed field experiment with oil palm farmers in Indonesia
Sebastien Costedoat	Conservation International	Additionality from Payment for Ecosystem Services in Alto Mayo Protected Forest
James Erbaugh	Dartmouth College	When Conservation Payments Don't Pay: The Conservation Legacy of Community Conservation Payments in Indonesia's Largest Integrated Conservation and Development Project

Session 17: Aid for Sustainability and Development: Conventional and new-1**Room: Dana 1024**

Kit Poon*	School of Public Policy and Management, Tsinghua University	The options and paradox of funding lake conservation in China: the case of Yuxi city
Carlos Medina	Banco de la República de Colombia	The Effects of Transfers of Royalties to Subnational Governments on Local Formal Employment in Colombia
Michael P. Ryan	Georgetown University	Development Assistance Public-Private Network Governance for Intractable Social Problems in Undeveloped Countries: HIV Prevention and AIDS Treatment in Uganda
Geri Mason, Hau Nguyen, Richard Dadzie	Seattle Pacific University	Financing the SDGs: Is AID spending contributing to achieving the SDGs?

Session 18: Violence in Development-2**Room: Mason 1427**

Maria Hernandez-De-Benito*	Georgetown University	Violent Crime and Intra-household Bargaining. The Mexican Drug War
Adesoji Adelaja	Michigan State University	Agricultural Land Use Effects of Terrorism
Jonathan Goyette	Université de Sherbrooke	Civil armed conflicts: the impact of the interaction between climate change and agricultural potential
Muazu Shehu	Gombe State University	Humanitarian Crisis and Sustainable Development: Perspectives and Preferences of Internally Displaced Persons in North-eastern Nigeria

Session 19: Improving Schooling Outcomes**Room: Mason 1449**

Patrice Anderson*	Western Michigan University	Teacher Coaching and High School Performance: Evidence from a Math Specialist Intervention
Md Ohiul Islam	Western Michigan University	Encouragement from Teachers and Student Outcomes
Thi Hoai An Nguyen	University of Paris 8 and IPAG Business School	Earlier Preschool Education for Better Skills? Evidence from Double Machine Learning Approach
Naureen Karachiwalla	International Food Policy Research Institute (IFPRI)	Promotion Incentives for Improved Service Delivery

Session 20: Energy Access and Transitions**Room: Mason 1437**

Sudatta Ray	Stanford University	The Evolving Role of Rural Electrification in Indian Agriculture
Elias Zigah*	Chaire Economie du Climat	Energy Transition in Sub-Saharan Africa: A Comparative Case Study of Ghana, Kenya and South Africa
Noah Kittner	ETH Zürich	Transitioning to clean energy systems in Kosovo
John Barrie	The Appropriate Technology Collaborative	Mayan Power and Light

Session 21: Local Institutions for Environment and Development**Room: Mason 1436**

Faraz Usmani*	Cornell University	NGOs and the effectiveness of interventions
Alexandra Paige Fischer	University of Michigan (Ann Arbor)	Fostering Health Forests and Communities through Collective Action on Landscape Management
Marcello Graziano	Central Michigan University	Building new institutions for preserving knowledge and reducing conflicts in Coastal Regions: the experience of Ocean Energy
Pratyusna Patnaik	National Institute of Rural Development and Panchayati Raj	Achieving Sustainable Development Goals through Local Government Institutions: Empirical Evidences from Democratic Decentralisation in India

Session 22: The Private Sector in Sustainability and Development**Room: Mason 1448**

Yaquta Fatehi*	William Davidson Institute at the University of Michigan (WDI)	Tracking and improving progress to sustainable development with the private sector
Jan Anton Van Zanten	Erasmus University Rotterdam (RSM)	The Nexus between Economic Activities, Corporate Strategies, and Sustainable Development Goals
Keith Dokho	World Vision	Leveraging Private Sector Resources For Development Impact
Diana Jue-Rajasingh	University of Michigan	Market-Based Approaches to Sustainable Development: Learning from Efforts in Clean Cooking

Session 23: Irrigation, Agriculture and Wellbeing**Room: Dana 3556**

Digvijay Singh Negi	Indira Gandhi Institute of Development Research	Irrigation, Rainfall Shocks and Child Mortality in India: Reassessing the health impacts of the Green Revolution
Akeza Charles	Xiamen University, Ministry of Finance	A Feasibility Assessment of Drip Irrigation: Evidence from Grenada
Jagadish Parajuli	Arizona State University	Impact of climate and other changes on the governance of small irrigation systems in Nepal
Rachel Voss*	University of California, Santa Cruz	Building resilient farmer livelihoods in a changing Sahel

Session 24: Large Scale Land Acquisitions**Room: Dana 3556**

Adwoa Gyapong*	Erasmus University Rotterdam, ISS	The Labour of Large-Scale Agricultural Land Investments: Whither Regulations?
Jonathan Sullivan	University of Michigan - School for Environment & Sustainability	Agricultural Transitions: Direct and Indirect Land-Use Change Pathways of Large-Scale Land Acquisitions in Tanzania
Lotsmart Fonjong	University of Buea	Threats to local food security in sub-Saharan Africa: interrogating the impact of large-scale land acquisitions on women's contribution to food production in Cameroon
Ernest Nkansah-Dwamena	SUNY College of Environmental Science and Forestry	Reframing the debate on how large-scale land acquisition (LaSLA) affects local livelihoods in Tanzania

Session 25: Gender, Women, and Equity in Development**Room: Dana 1028**

Jeffrey Swindle*	University of Michigan	Foreign Aid, Local Activism, and Attitudes toward Violence against Women
Abu Shonchoy	Florida International University	Illusion of Gender Parity in Education: Intrahousehold Resource Allocation in Bangladesh
Melva Treviño Peña	University of Rhode Island	Gendered impacts from shrimp aquaculture development in southern Esmeraldas province, Ecuador
Hai-Anh Dang	World Bank	Welfare dynamics in India over a quarter century: Poverty, vulnerability, and mobility, 1987–2012
Mahmut Yasar	The University of Texas at Arlington, Emory University	International Linkages and Female Share of Total Employment: Evidence from Plant-Level Panel Data

11:45am-1:00pm	Lunch (provided), Poster Session 12:00-1:00pm Room: Dana Ford Commons
-----------------------	--

Sustainability and Development Plenary Roundtable	Room: MLB Auditorium 3
--	-------------------------------

Prabhu Pingali	Cornell University
Forhad Shilpi	World Bank
Vijayendra Rao	World Bank
Cathy Boone	London School of Economics
Diana Mitlin	University of Manchester

2:00-2:15pm	Break
--------------------	--------------

2:15-3:30pm	Track C: Sessions 26-39
--------------------	--------------------------------

Session 26: Elections and Voting in Development	Room: Dana 3556
--	------------------------

Evan Kresch*	Oberlin College	Do Voters Make Decisions Based on Water Quality?
Alan Zarychta	University of Chicago	Electoral Competition and Decentralized Delivery of Social Services: Evidence from the Honduran Health Sector
Johannes Fedderke	Pennsylvania State University	Nonlinear Voting Outcomes: Evidence from South African Voting Behaviour in the 2009 National Election

Session 27: Drivers of change in farming systems-2	Room: Mason 1448
---	-------------------------

Vincent Flifli*	Federal University of Agriculture, Abeokuta (FUNAAB)	Upgrading warehouse financing system for sustainable small-scale agriculture: a discrete choice experiment approach for rice farmers in the Benin Republic.
Shiferaw Tafesse Gobena	Wageningen University and Research	The Role of ICTs in Collective Management of Public Bads: The Case of Potato Blight in Ethiopia

Patrick Laby	ESSA - Forestry and Environment, University of Antananarivo	Farming and landscape change in Northeastern Madagascar : cash crop prices impact on young farmer's farming behavior.
Pieter Rutsaert	CIMMYT	Sticking with old maize seed: Role of agro-dealers in driving variety turnover in Kenya

Session 28: Smallholders and Conservation		Room: Dana 1046
Isabel Guerrero*	Oregon State University & Universidad del Pacifico	Assessing Conservation Efforts: An Agricultural Household Model for Agrobiodiversity Conservation In an Andean Landscape
Zach Luther	Michigan State University	What Incentives Are Needed to Encourage Farmers to Plant Biodiversity-Promoting Prairie Strips?
Johanne Pelletier	Cornell University	Does the use of modern agricultural inputs by smallholder farmers reduce deforestation? A case study for Zambia.
Travis Reynolds	University of Vermont	Missing the Trees for the Forest: Woody Species Diversity among Dispersed Trees in Farmland Surrounding Sacred Natural Sites in Northern Ethiopia

Session 29: Local Institutions for Environment and Development		Room: Dana 2024
Johanna Koehler*	University of Oxford	Institutional pluralism and water user behaviour in rural Africa
Witness Kozanayi	University of Cape Town	Interrogating the livelihood and ecological outcomes of the interplay between customary and statutory forms of governance - The case of commercial baobab use in Zimbabwe
Maria Claudia Lopez	Michigan State University	Success and failure in governance of the Flint, Michigan Food System
Anulekha Nandi	Digital Empowerment Foundation (DEF)	Building participatory institutions for public service delivery through access to information in rural India – Lessons from DEF's SoochnaSeva and SoochnaPreneur model

Session 30: Resolving Conflicts in Development**Room: Mason 1401**

Nicolas Hubert*	University of Ottawa	How environmental regulations may lead to conflictual situations?
Jorge Carlos Martinez Palomares	Texas A&M University	Does Benevolence Reduce Crime? The impact of humanitarian interventions on crime and violence in Northern Mexico
Osman Suliman	Millersville University of Pennsylvania	The Darfur Conflict: Geography or Institutions?
Taekyoon Kim	Graduate School of International Studies, Seoul National University	Investing In Peace For The Korean Peninsula: In Search of Peace Conditionality and Aid Harmonization

Session 31: Adaptive decision making**Room: Mason 1469**

Matthias Mayer	University of Marburg	Should I stay or should I go? A Behavioral Framework for Migration and Adaptation
Jason Hawes	University of Michigan	Tradeoffs in Adaptation Decision Making: Testing a new analytical lens in the Eastern Snake Plain of Idaho
Mohammad Islam	Memorial University of Newfoundland, Grenfell Campus	How Do Vulnerable Population Innovate Adjustments to The Impacts of Floodplain Sedimentation in Bangladesh? A Local Perspective
Becca Nixon*	Purdue University	The role of values and tradeoff reasoning in adaptation decision making along the Swat and Kabul rivers of Pakistan

Session 32: Impacts of Educational Programs-1**Room: Mason 1427**

Lucas Guilherme De Moura	Federal University of ABC	Transmission Channels of Financial Literacy: The Role of Parents and School
Beatriz Rezzieri Marchezini*	Universidade Federal do ABC	Saved by the bell? Schooling effects on crime against women
Tushi Baul	University of Notre Dame	Behavioral change communication program and its impact on child labor
Kevin Chu	The Open University of Hong Kong	Compensatory or Complementary? An Exploratory Study on How the Government and Business Efficacies Interact with Young People's Pro-environmental Intention
Tharcisio Leone	GIGA German Institute of Global and Area Studies	The geography of intergenerational mobility: Evidence of educational persistence and the "Great Gatsby Curve" in Brazil.

Session 33: Malnutrition**Room: Mason 1437**

Molly Brown*	University of Maryland	Climate and Conflict Drivers of Acute Malnutrition Outcomes in Children
Leah Salm	International Food Policy Research Institute	An exploration of how the impacts of climate change interact with forms of inequity and risk to produce or exacerbate adverse nutritional outcomes
Sylvia Blom	Cornell University	Heat Exposure and Children's Nutrition: Evidence from West Africa
Tseday Jemaneh Mekasha	University of Copenahegn	Income shocks and child malnutrition in Tanzania

Session 34: Microcredit for Sustainable Development-1**Room: Mason 1436**

Yu Lu*	Peking University	Modeling Feedbacks Generated in Coupled Social-Ecological Systems: The Development of Microcredit Programs for Semiarid Areas
Brian Warby	University of Northern Iowa	Do Women in Government Champion Development Friendly Regulations?
Selvarathinam Santhirasekaram	University of Jaffna	Root of Microcredit Burden of Post War Region in Sri Lanka

Giorgio Di Maio	Università degli Studi di Milano-Bicocca	Fostering savings by commitment: Evidence from a quasi-natural experiment at the Small Enterprise Foundation in South Africa
-----------------	--	--

Session 35: Globalization and Development **Room: Mason 1449**

Pradeepta Sethi*	T A Pai Management Institute, Manipal	Perils of growth, globalization and financial development on environmental sustainability: Experiences from an emerging economy
Van Pham	Baylor University	Does Globalization Improve Women's Bargaining Outcomes in the Household?
Thang Vo	University of Economics---Ho Chi Minh City	Does Globalization Improve Women's Bargaining Outcomes in the Household?
Silvia Stuchi	University of Sao Paulo	Supply Chain Governance and sustainability: Challenges of private regulation in Brazilian apparel retailing sector
Rupa Chanda	Indian Institute of Management Bangalore	Trade in Health Services and Sustainable Development

Session 36: Agricultural Intensification: Risks and benefits-2 **Room: Dana 1028**

Nicolas Gatti*	University of Illinois at Urbana-Champaign	Is closing the yield gap a "risky" endeavor? Evidence from Zambia
Meha Jain	University of Michigan	How much can sustainable intensification increase yields in smallholder systems?
Khandker Wahedur Rahman	University of Minnesota	Quantity Recommendation as a Solution to Imbalanced Fertilizer Use? A Field Experiment in Bangladesh
Veronique Theriault	Michigan State University	How Fertilizer Subsidies Change the Agricultural Landscape: Evidence from Rural Mali

Session 37: SDG Linkages **Room: Dana 1024**

Swarna Parameswaran*	Indian Institute of Management, Ahmedabad	Exploring pathways for sustainable development in India through linkages between health, education and economic growth: Evidence from a panel co-integration framework
----------------------	---	--

Mario Biggeri	University of Florence, Department of Economics and Management	China at the Crossroads: Analyzing policies and provincial performances towards the SDGs
Chenyang Shuai	University of Michigan	Linkage of Sustainable Development Goal (SDG) Indicators
Clara Ines Pardo Martinez	Universidad del Rosario	Analysis of relationship between sustainability, climate change and innovation in Colombia: An empirical approach

Session 38: Climate Policy Making
Room: Dana 1024

Sebastian Hornum*	UNEP DTU Partnership	Climate Actions for adaptation: Exploring the enabling framework conditions for technology transfer
Pradip Kumar Sarker	Department of Forest and Nature Conservation Policy, Göttingen University	Climate change and policy development initiatives by regional governances: A comparative study between SAARC and ASEAN
Asif Ishtiaque	University of Michigan Ann Arbor	How do barriers emerge in the adaptation governance process in South Asia?: A mechanism-based analysis
Anna Rumer	University of Chicago	Local Politics and Sustainable Development in London

Session 39: Violence and Conflict in Development
Room: Dana 1046

Sabina Appiah- Boateng	Stiftung Universität Hildesheim	Framing, Conflict, and sustainable development: The case of Agogo Farmer-Herder in Ghana
Okechukwu Anyamele	Jackson State University	The Impact of Boko Haram religious group Uprising and ethnic Conflict on Economic Development of Nigeria.
Jie Song*	International Food Policy Research Institute	The Dragon's Gift or Poison? The Localized Impact of Chinese Aid on African Conflicts
Takahiro Yamada	Ministry of Finance, Japan	The long-term effect of U.S. bombing missions on economic development: Evidence from Ho Chi Minh Trail in Lao P.D.R.

3:30-4:00pm
Coffee Break
Location: Dana (1st floor), Mason (2nd floor)

4:00-5:15pm

Editorial Plenary Roundtable

Session: Editorial Plenary Roundtable

**Room: MLB
Auditorium 3**

Arun Agrawal	<i>World Development</i>
Enrica Chiappero	<i>Journal of Human Development and Capabilities</i>
Jessica Fanzo	<i>Global Food Security</i>
Lance Gunderson	<i>Ecology and Society</i>
Pam Jagger	<i>World Development Perspectives</i>
Joan Nassauer	<i>Landscape and Urban Planning</i>
Linda Prokopy	<i>Society and Natural Resources</i>
Vijayendra Rao	<i>Global Perspectives</i>

Sunday, October 13

8:30-9:00am	Check-in and Coffee	Location: Dana and Ford Commons
--------------------	----------------------------	--

9:00-10:15am	Track D: Sessions 40-51
---------------------	--------------------------------

Session 40: Energy Poverty		Room: Dana 2024
Lu Yu	German Development Institute - Deutsches Institut für Entwicklungspolitik (DIE)	Who is energy poor? Evidence from Qinghai China
Pallavi Choudhuri*	National Council of Applied Economic Research	Lack of Access to Clean Fuel and Piped Water and Children's Educational Outcomes in India
Pamela Jagger	University of Michigan	Catalyzing Energy Access Among the Ultra-Poor in Malawi
Chuan Liao	Arizona State University	Impact of solar energy-based development intervention program on poverty reduction: Evidence from a pilot study in Qinghai, China

Session 41: Equity in Development		Room: Room Tba
Maria Alejandra Garcia*	Michigan State University	Activism, social-political conditions and social-ecological impacts of large hydroelectric dams in the Global South
Drusilla Brown	Tufts University	Human Trafficking and Fair Recruitment along the Nepal- Jordan Corridor
My Nguyen	Louisiana State University	The Impacts of Farmland Expropriation on Vietnam's Rural Households

Session 42: Microcredit for Sustainable Development-2		Room: Dana 3556
Yoko Kusunose*	University of Kentucky	Does experience with agricultural loans improve farmers' well-being?
Mira Nurmakhanova	KIMEP University	Social Capital and Lending Methodology in Microfinance Industry

Allison Russell	University of Pennsylvania	Ancillary Employment Generation Impact of Microfinance Initiatives in Karnataka
Femida Handy	University of Pennsylvania	Ancillary Employment Generation Impact of Microfinance Initiatives in Karnataka
Moraka Makhura	University of Pretoria	The Determinants Of Participation In Savings Groups Among Smallholder Farmers In Sironko District, Uganda

Session 43: Inclusive Development		Room: Dana 1028
Wasseem Mina	United Arab Emirates University	Domestic Social Cohesion and Global Financial Inclusion: Evidence from FDI Flows
Jean-Francois Trani	Washington University in St Louis	Sustainability and Development Conference Using Systems Dynamics Thinking to foster participation strengthen equity and inclusion in education in rural schools of Afghanistan and Pakistan
Stacy Armbruster	Colorado State University	Women's time use and implications for their participation in cacao value chains: Evidence from VRAEM, Peru
Isaac Koomson*	University of New England	Effect of financial inclusion on poverty and vulnerability to poverty: Evidence using a multi-dimensional measure of financial inclusion

Session 44: Migration and Development-1		Room: Dana 1024
Andres Cuadros-Menaca	Universidad Icesi	The Role of Remittances on Schooling: Evidence from Colombia
Joseph Chance	Tufts University	Local Wage Effects of Outmigration: Evidence from the Philippines
Anna Erwin*	Purdue University	Migration, socioecological change, and farm labor in Arequipa, Peru
Christopher Graham	University of Massachusetts-Boston	"Partnerships for the Goals": The Impact of Migration-Development Networks on Sustainable Development Outcomes"

Session 45: Water, Sanitation, and Wellbeing**Room: Mason 1401**

Maki Nakajima*	Lee Kuan Yew School of Public Policy, National University of Singapore	Long-term effect of access to sanitation on child cognitive skills in rural India and Vietnam
Melanie O'Gorman	University of Winnipeg	Water Infrastructure and Well-being in Canadian First Nations Communities: What Does the Data Tell Us?
Guenther Schulze	University of Freiburg	The Growth Dividend Of Safe Water And Proper Sanitation
Joyce Wu	Australian National University and Kansas State University	A Gender Analysis of the Water, Sanitation and Health Nexus through Individual Deprivation Measure

Session 46: Natural Resources for Sustainability and Development**Room: Mason 1427**

Moises Neil Serifo*	Visayas State University	Can Mangroves Protect Coastal Communities? The Case of Super Typhoon Haiyan in the Philippines
Da Li	University of Wisconsin-Madison	Renewable natural resource property theory and strategy: an analysis based on markets and heterogeneous individuals
Sytske Wijnsma	University of Cambridge	Who benefits? The Interrelation between Poverty, Inequality, and Natural Resources in Rural Communities
Ruth Meinzen-Dick	International Food Policy Research Institute	439: Women's Tenure Security on Collective Lands: Implications for Measurement and Policy

Session 47: SDGI01**Room: Mason 1449**

Pablo González	Universidad de Chile	Operationalising the Quality of Employment from the Perspective of the Capability Approach in South America: A Multidimensional Perspective
Kirsten Sehnbruch*	London School of Economics	Employment: Still a Missing Dimension in Developing Countries
Mauricio Apablaza	Universidad del Desarrollo and Oxford Poverty and Human Development Initiative (OPHI)	The Development of the Quality of the Employment in Chile over 21 years: Regional and Horizontal Inequalities and associated Policy Implications
Rafael Carranza	London School of Economics	Precarious Employment Conditions and Individual Savings Accounts: Lessons for other Developing Countries from Chile

Session 48: Agriculture and wellbeing**Room: Mason 1469**

Annesha Chowdhury*	Ashoka Trust for Research in Ecology and the Environment	Do Plantation Agricultural Systems Support Human Wellbeing?
Paul Samboko	Michigan State University	Agricultural Productivity and Rural Household Incomes: Household Survey Evidence from Zambia
Andrew Jones	University of Michigan	The importance of fish for child nutrition in Sub-Saharan Africa
Sarah Eichler	The Pennsylvania State University	Rapid Appraisal of Agricultural Sustainability using a case study of Yaqui Valley, Mexico

Session 49: Rights, Institutions and Natural Resources**Room: Mason 1437**

Ivy Blackmore	Washington University in St Louis	An Assessment of the Livelihood Resilience of Indigenous Communities in the Andes of Ecuador and Implications for Sustainable Development Interventions
Xianghong Feng*	Eastern Michigan University	From “Community-Based” to “Government-Directed”: Community Participation and Poverty Reduction in Upper Langde Miao Village in Guizhou, China
Satyapriya Rout	University of Hyderabad	Sustainable Forestry through Rights-based Approach: Decentralisation, Forest Governance Reforms and Indigenous People’s Rights in India
Claire Warmels	Concordia University	The Tragedy of Our Common Oceans: The Effects of Regulation Coerciveness on the Sustainability of Fisheries

Session 50: Resilient Systems**Room: Mason 1436**

Shubhechcha Sharma	Michigan State University	Using the Adaptive Cycle to understand Resilience of Agro-Pastoralist Communities to Drought
Lira Sagynbekova	University of Central Asia	Climate change adaptation and the role of social capital in enhancing resilience of rural mountain communities in Kyrgyzstan
Clara Gracoub	Michigan State University	Resilience assessment for food systems – steps for implementation
Armando Inurreta Diaz*	Texas A&M University	Mangrove Forest Landscape Change and Archaeological Site Formation: Making a Case for Cultural Heritage Preservation

Sabina Shaikh, Yunhan Wen	University of Chicago	Building Equitable Institutions for Coping with Environmental Change in Rural Cambodia
------------------------------	-----------------------	--

Session 51: Towards Economic Success

Room: Mason 1448

Gracie Rosenbach	International Food Policy Research Institute	Evaluating welfare effects of non-farm enterprises on rural households in Papua New Guinea
Niken Kusumawardhani	The SMERU Research Institute	What Type of Skills Lead to Entrepreneurial Success? Evidence from Non-Farm Household Enterprises in Indonesia
Anna Falentina	Australian National University	Could targeted social assistance programs stimulate local economies? The case of conditional cash transfer in Indonesia

10:15-10:45am	Coffee Break	Location: Dana - 1st floor, Mason - 2nd floor
----------------------	---------------------	--

10:45-12:00pm	Track E: Sessions 52-62
----------------------	--------------------------------

Session 52: Impacts of Educational Programs-2

Room: Dana 1028

Gaurav Joshi	Lal Bahadur Shastri Institute of Management	Impact of Social Media Marketing Communications on Teenager's Attitude
Michiyo Kakegawa	SOKA University	Environmental education for sustainable development in Ethiopia – how are teachers' capacities being shaped and formed?
Leah Lakdawala*	Michigan State University	The Long-Run Effects of Exposure to School-based Technology on Occupational Choice and Earnings
Richard Maclure	University of Ottawa (Faculty of Education)	The promise and limitations of transformative education: Comparative experiences and lessons of university/school/community partnerships in Canada and Brazil
Gitanjali Sen	Shiv Nadar University	Can Kanyashree be a step toward more equitable development? Evidence from a Conditional Cash Transfer Scheme in India

Session 53: Towards Empowerment-1**Room: Dana 1046**

Neha Kumar*	International Food Policy Research Institute	Towards Gender Equality: A critical assessment of evidence on Social Safety Nets in Africa
Momoe Makino	Institute of Developing Economies	Labor Market Information and Parental Attitudes toward the Labor Force Participation of their Daughters: Experimental Evidence from Rural Pakistan
Collins, C Ngwakwe	University of Limpopo	Gender Equality and Extreme Poverty Alleviation in sub-Saharan Africa by 2030
Wendy Perry	Boyd Caton Group, Inc.	Morocco's Argan Forest, Women's Cooperatives, and Efforts to Extract, Enrich, and Empower

Session 54: Finance for Development**Room: Dana 2024**

Denise Fernandes	University of Colorado, Boulder	Financing Energy Access under the Climate Change Agenda
Monica Das	Skidmore College	Which way to go now? Economic growth and Finance relationship in the Sustainable Development Era
Ngan Tran	Fordham University	Sustainable Finance in Frontier Markets: The Case of Vietnam

Session 55: Migration and Development-2**Room: Dana 3556**

Sankalpa Bhattacharjee*	Indian Institute of Management Ranchi	Migration and Rural Inequalities in India: Divergent Paths from Long-term and Short-term Migration
Amany Elanshasy	United Arab Emirates University	Does higher income rank deter risk-taking behavior? The case of migration
Catur Sugiyanto	Faculty of Economics and Business Universitas Gadjah Mada	Local Economic Development in Indonesia, case transmigration area
Roshan Adhikari	University of Manchester	Migratory responses to agricultural weather shocks in Ethiopia

Session 56: Development and Economic Growth **Room: Dana 1024**

Mainak Mazumdar	Nitie (National Institute Of Industrial Engineering)	Is Agriculture Still Important for Sustainability and Convergence of overall Economic Growth? The striking case of India
Evan Rosevear	University of Toronto	The New Progressivism and Its Implications for Institutional Theories of Development
Sebastian Schuhmann*	Friedrich-Schiller-Universität Jena	Drivers of Inclusive Development: An Empirical Investigation with a New Index
Lino Pascal Briguglio	University of Malta	Sustainable Development, Environmental Governance and Economic Prosperity

Session 57: Selected Topics in SD Indicators **Room: Mason 1469**

Bruno Puga	UFPR	How power shapes water decentralized regimes outcomes: the Sao Paulo (Brazil) water crisis
Maria Arquero De Alarcon*	Taubman College University of Michigan	Young, Informal, and Sustainable. Young Land Informal Occupations in São Paulo, Brazil
Sampriti Sarkar	Independent Researcher	A Holistic and Concrete Approach to Sustainable Development

Session 58: Selected Topics in Energy and Development **Room: Mason 1401**

Ashwin Rode	University of Chicago	The Social Cost of Global Energy Consumption due to Climate Change
Andrea K. Chareunsky*	Macquarie University	Darkening skies over shared waters – a hydropower coalition network game of Mekong River players
Carolina Rojas	Universidad Tecnológica de Panamá	The Importance of an Enabling Environment for Pay-As-You-Go Solar Home Systems: A Case Study of Rural Panama

Session 59: Sustainability Science: Theory and Practice **Room: Mason 1427**

Alicia Harley	Harvard Kennedy School of Government	Sustainability Science: The state of the field
Wenjing Jiang*	Clark University	Planning for Uncertain and Uneven Transitions in Rural China: Alternative Agricultures, Produced Nature and Planned Inequality in a Case Study of Chengdu
Laura Blanco Murcia	Pontificia Universidad Javeriana	Towards sustainable food consumption in emerging economies: the role of sustainability when deciding what to eat
Eva Sierminska	LISER	Transitioning towards more equality? Wealth gender differences and the changing role of explanatory factors over time

Session 60: Selected Topics in Water, Sanitation, and Health

Room: Mason 1436

Amrita Vijay Jain*	University of California, Irvine	Social networks and its impact on service delivery in cities- a multivariate regression analysis of urban households in India
Binod Khanal	University of Connecticut	Impacts of Nepal's 2015 Gorkha Earthquake on Children's Health
Marlene Waske	Leibniz University Hannover	Obesity, Socio-Economic Status, and Culture in the Island of Trinidad.

Session 61: Drivers of Smallholder Responses and System Outcomes-1

Room: Mason 1437

Ayobami Adetoyinbo	GlobalFood RTG, University of Goettingen	Influence of complex and strategic inter-organizational relationships on smallholders' market performance
Jarrad Farris*	Michigan State University	Does Unobserved Land Quality Bias Separability Tests? A Case Study of Rwanda
Dagbegnon Tossou	University of Illinois at Urbana-Champaign	Welfare Effects of Access to Irrigation Services: Experimental Evidence from the Haiti's RESEPAG II Project
Tenzing Saldon	Shiv Nadar University	The Political Ecology of Water: Gender And Agriculture In Tharad, Gujarat

Session 62: Climate and Welfare		Room: Mason 1449
Alirah Emmanuel Weyori	Leibniz University, Hannover	Long-term weather variability, portfolio diversification and household welfare: evidence from rural Togo
Sabine Liebenehm*	Leibniz University Hannover	Risk Attitudes and Returns in Rural Economies: Evidence from Thailand and Vietnam
Belinda Archibong	Barnard College, Columbia University	An Ill Wind that Blows No Girl Any Good': The Impacts of Climate-Induced Disease on Gender Inequality
Henrik Hansen	University of Copenhagen	Estimating the Impact of Tropical Storms: The case of Typhoon Damrey in Vietnam

12:00-1:00pm	Lunch (provided), Dana and Ford Commons
---------------------	--

1:00-2:15pm	Special Session by Sara Bebbington, Track F: Sessions 63-72
--------------------	--

“How to get Published” by Sara Bebbington	Room: Dana 1040
Associate Publisher - Geography, Planning & Development Portfolio, ELSEVIER	
Come and learn about the publishing process, insights into how to write a paper, how to find the right journal, the editorial process, common misconceptions that come with publishing such as ethics, language and copyright. How to promote and share your article once it's been accepted, choosing whether to publish your article as open access and monitoring its success via metrics.	

Session 63: Pathways to Learning		Room: Dana 1028
Sajitha Bashir	World Bank	Regional Pathways to Learning: The Role of Public Action, Vernacular, and the Print in Muslim Education in Kerala
Anita Ghimire	Nepal Institute for Social and Environmental Research	Psycho-social well being in school and drop out of older adolescent boys in Nepal.
Gilvan Guedes	Demography Department - Universidade Federal de Minas Gerais	Complementary or substitutes? The interplay between education and hazard experience in shaping preparedness behavior against flood hazards

Aaron Sparks*	Elon University	Sustainability Literacy and the SDGs: The “Sulitest” and Global Understandings of Sustainable Development
---------------	-----------------	---

Session 64: Aid for Sustainability and Development: Conventional and new-1		Room: Dana 1046
---	--	------------------------

Sandra Joireman*	University of Richmond	Aid and Deforestation in Madagascar
Gerrit J. Gonschorek	University of Freiburg	Subnational Favoritism in Development Grant Allocations, Empirical Evidence from a Decentralized Country
Travis Selmier	Indiana University	Between a Rock and a Hard Place: The Impacts of Finance on Sustainable Development in Global Mining
Seokwoo Kim	University of Seoul	Three Images Explanations of ODA Giving and Empirical Analyses

Session 65: Gender in Agricultural Systems		Room: Dana 2024
---	--	------------------------

Thomas Lemma Argaw*	University of Aberdeen	From Farm to Kitchen: How gender affects production diversity and the dietary intake of farm households in Ethiopia
Maya Brahman	World Bank	Economic Empowerment of Women through Resilient Agriculture Supply Chains: A Geospatial and Temporal Analysis in Southwestern Bangladesh
Maria Elisa Christie	Virginia Tech	Promoting gender-responsive pest management solutions in southern Vietnam: Impacts, reflections, and lessons learned
Patrick Kilby	Australian National University	Agricultural Research for Development: a story of absent women

Session 66: Agriculture-Urban Interlinkages		Room: Dana 3556
--	--	------------------------

Bhagyashree Patil	IIT Bombay	Urban expansion, cropland loss and food security: Foodshed assessment of urbanising blocks in a metropolitan region
Mapenzie Tazie	University of Manchester	Weekend farmers: a new approach to young people’s participation in Agriculture in the Sub-Saharan Africa

Camila Carvalho*	Universidade de São Paulo	Building the local public policies on SDG: Urban Agriculture (UA) in the city of São Paulo - Brazil
Kenneth Smith	Millersville University	Urban-Rural Inequality in Mongolia: Economic vs. Subjective Divides

Session 67: Health, Food, and Carbon Lock-In Lightning Talks

Room: Dana 1024

Gilvan Guedes*	Demography Department - Universidade Federal de Minas Gerais	Health vulnerability related to climate extremes in Amazonia and the Brazilian Northeast
Geri Mason	Seattle Pacific University	Ghana Maternal Health and the SDGs
Jie Song	International Food Policy Research Institute	The Impact of Income Fluctuations on Rural Health and Nutrition Across the Life Cycle
Andinet Woldemichael	African Development Bank Group	Exposure to Food Price Inflation and Breastfeeding
Alicia Harley	Harvard Kennedy School of Government	The challenges of technology selection for meeting the needs of the poorest farmers: The case of The System of Rice Intensification (SRI)
Jacob Phelps	Lancaster Environment Centre, Lancaster University	Understanding “lock-in” beyond carbon
Balaraba Sule	IBB	Benefits Of Organic Farming: Creating Awareness Through The Radio
Abu Shonchoy	Florida International University	Gender Disparity in Household Medical Expenditure in Bangladesh

Session 68: Measuring Poverty and Development

Room: Mason 1401

Alemayehu Ambel	World Bank	Multidimensional Poverty in Ethiopia: Capturing new living standards measures through water quality measurement
Christoph Lakner	World Bank	Measurement of Poverty Around the World in the age of Global Goals
Alainna Lynch	UN SDSN	Local Indices as a Tool to Spur Coordinated Action on the SDGs
Guido Signorino	Università di Messina - Dipartimento di Economia	Socio-economic methodologies and health indices to assess the sustainability of alternative local development models

Session 69: Towards Health Improvements**Room: Mason 1427**

Najam Uz Zehra Gardezi	Oregon State University	Enabling access to better quality health: Evidence from a developing country
Chukwuedozie Ajaero	University of Nigeria Nsukka	Analysis of the determinants of mosquito nets use by children in four West African countries: A multilevel approach
Anthony Reid Harvey*	TAM Ceramics LLC of NY	Ceramics in Environmental Health
Ranjan Kumar Mohanty	National Institute of Public Finance and Policy	How effective is Public Health Care Expenditure in Improving Health Outcome? An Empirical Evidence from the Indian States

Session 70: Law and Justice in Development**Room: Mason 1449**

Jacob Phelps	Lancaster Environment Centre, Lancaster University	Sustainability through environmental liability
Ana Paula Pimentel Walker*	University of Michigan, Ann Arbor	The Legal Geographies of Informal Peripheral Urbanization in São Paulo, Brazil
Yukari Sekine	International Institute of Social Studies (ISS), The Hague	Opportunities and fault-lines in scaling-up emerging 'agrarian climate justice' struggles in Myanmar
Ember McCoy	University of Michigan	Critical Environmental Justice and Sustainable Development

Session 71: The diverse effects of infrastructure**Room: Mason 1469**

Nina Brooks	Stanford University	Health effects of living near brick kilns in Mirzapur, Bangladesh
Laura Castro-Diaz	Michigan State University	Hydropower development and poverty
Brent Heard*	University of Michigan	The Influence of Household Refrigerator Ownership on Sustainable Diets in Vietnam

Arpit Shah	Indian Institute of Management Ahmedabad	Quantifying the local cooling effects of urban green spaces for Bengaluru, India
------------	---	--

Session 72: Geography in Development	Room: Mason 1437
---	-------------------------

Luke Sanford	University of California, San Diego	Geospatial Synthetic Controls for Agricultural Impact Evaluation
Gopal Naik	Indian Institute of Management Bangalore	Hybrid Geospatial Technology For Improving Crop Area Data Management In Developing Countries: A Case Study In India
Vasavi Bhatt*	Indira Gandhi Institute of Development Research	Geographic Concentration of Occupations: Evidence from Census of India 2001-11

2:15-2:30pm	Break
--------------------	--------------

2:30-3:30pm	Keynote: Rosina Bierbaum (Professor and Dean Emerita of the University of Michigan's School of Natural Resources and Environment and the Roy F. Weston Chair in Natural Economics at the University of Maryland) Room: MLB Auditorium 3
--------------------	--

3:30-4:00pm	Coffee Break Location: Dana - 1st floor, Mason - 2nd floor
--------------------	--

4:00-5:15pm	Track G: Sessions 73-82
--------------------	--------------------------------

Session 73: Accountability in Development	Room: Dana 1028
--	------------------------

Pavneet Singh	Indian Institute of Management Ahmedabad	State Capacity, Accountability and Economic Growth in the Indian States
Stephen Kosack*	University of Washington	When, where, and how does transparency and accountability improve health? Evidence from a mixed-method multi-country evaluation

Minahil Asim	University of California, Davis	Where did the money go? Evidence from an at-scale local governance intervention in Education in Pakistan
Stefan Leeffers	Nova SBE and NOVAFRICA	Information and Collective Action in Angolan Schools: Inside the Black Box of Community-based Monitoring

Session 74: Drivers of change in farming systems-1
Room: Dana 1046

Madhura Swaminathan	Indian Statistical Institute	Small Farmers and Sustainability
Emmanuel Abokyi*	Ghana Institute of management and Public Administration	The impact of output price support on smallholder farmers' income: Evidence from maize farmers in Ghana
Tihitina Andarge	University of Maryland, College Park	Can information induce farmers to adopt riskier livelihood strategies? Evidence from Malawi
Cansin Arslan	University of Goettingen	The role of (asymmetric) information in returns to Arabica coffee production in Uganda

Session 75: Human Capital: Role of Trade, Family, Disability
Room: Dana 2024

Mehtabul Azam	Oklahoma State University	Trade Liberalization and Human Capital Accumulation: Evidence from Indian Census
Aine Mccarthy	Lewis & Clark College	Multiplying Siblings: The Trade-off Between Family Size and Child Education Quality in Rural Bangladesh
Nataly Lago	Universidad de Piura	Disabilities and Education: Evidence from Peru
Martín Vargas*	Universidad de Piura	Educational Aspirations and Sibling Effect Among Peruvian Children

Session 76: Monitoring and Indicators in SD
Room: Dana 3556

Mark Buntaine	University of California, Santa Barbara	Citizen Monitoring of Urban Waterways in Jiangsu, China
Nicole Jackson	University of Illinois at Urbana-Champaign	Probabilistic global maps of crop-specific areas from 1961 to 2014
Cansu PERDELI DEMIRKAN	Colorado School of Mines	An Evaluation of the Use of Sustainable Development Indicators in the Extractive Industries

Sydney Gourlay*	World Bank	Measuring Individuals' Land Tenure Security: A Simultaneous Approach to SDG 1.4.2 and 5.a.1
-----------------	------------	---

Session 77: Implementing Sustainability and Development-1 **Room: Dana 1024**

Bedprakas Syamroy	Independent Researcher	The search for better Implementation Process of Sustainable Development Goals
Ismael Fofana*	International Food Policy Research Institute	Is Africa On Track to Ending Poverty by 2030?
Paul Clements	Western Michigan University	Training Professionals in Climate Change Policy and Management

Session 78: Water, Health, and Sustainability in Development **Room: Mason 1401**

Hoolda Kim*	Black Hills State University	The dynamic relationship between health status and labor force participation among old age people in Korea
Cameron Fioret	University of Guelph	Water, Peace, and Political Stability
Evgenia Nizkorodov	University of California Irvine	Meeting Sustainability Objectives through Water Sector Public-Private Partnerships: A Comparative Analysis of Four Southern California Case Sites
Tanima Ahmed	American University	Measuring Unpaid Eldercare and Assessing its Impact on Labor Force Participation in the US: What Time Use Survey Data Can Reveal?

Session 79: Selected Topics in Sustainability and Development-1 **Room: Mason 1427**

Satyabrata Acharyya	Professional Assistance For Development Action (Pradan)	Can we reverse extinctions of wild Silkworms in India?: Lessons from the search for Sarihan.
Dhanushka Thamarapani	California State University Chico	Risk and Time Preferences after Natural Disasters
Andinet Woldemichael*	African Development Bank Group	The impacts of Community-Based Health Insurance and Poverty Reduction

Session 80: Housing and Development**Room: Mason 1469**

Michael Adabre	Hong Kong Polytechnic University	Critical Barriers (CBs) to Sustainable Affordable Housing (SAH): Views of Experts from Developing and Developed Countries
Jeffrey Bloem	University of Minnesota	Aspirations and Real Estate Investments in Rural Myanmar
Emily Rains*	Duke University	Precarious gains: social mobility and volatility in urban slums

Session 81: Corruption in Development**Room: Mason 1436**

Melissa E. Tornari	Collegio Carlo Alberto	How Migration-Fuelled Diversity Challenges Redistribution in Presence of Weak Institutions.
Merima Ali	Syracuse University	The Corruption of Local Elites in Francophone and Anglophone Africa
Ruth Carlitz	Tulane University	Explaining Subnational Variation in Implementing SDGs: The Role of Corruption and Pluralism
Pearson Sibanda*	University of Cape Town	How do some countries avoid the natural resources curse? Lessons from Botswana and the Royal Bafokeng Nation

Session 82: Selected Topics in Agriculture and Development**Room: Mason 1437**

Anjana Ramkumar*	National University of Singapore	Going Against the Grain: Examining the (re)emergence of Local Agricultural Knowledge in Tamilnadu, India
Tariq Ali	Peking University, Beijing	Trade-offs between water saving and external environmental risk via China's virtual water trade
Balaraba Sule	IBB	Post-harvest loss and its effect on the profit margin of wholesale vegetable marketers in Abuja, Nigeria

Monday, October 14

9:00-9:30am	Check-in and Coffee	Dana, Ford Commons
--------------------	----------------------------	---------------------------

9:30-10:45am	Track H: Sessions 83-92
---------------------	--------------------------------

Session 83: Commodifying Humanitarianism? The Black Box of For-Profit and Non-Profit Partnerships	Room: Room Tba
--	-----------------------

Natalie Hudson	University of Dayton	Saving the Women of Congo: The Intersection of Neoliberal Helping and Gendered Security
Mette Olwig*	Roskilde University	"Distant" Others in Need and "Nearby" Sustainability Superheroes: For-profits Doing Good in the Era of the SDGs
Thilde Langevang	Copenhagen Business School	Partnerships as Development Agents. Assessing the change potential of cross-sector partnerships
Elisa Pascucci	University of Helsinki	Humanitarian-Business Partnerships in the Camp: Spatial Containment and Commodified Compassion in the Age of Refugee Logistics.
Lisa Ann Richey	Copenhagen Business School	Value Chain Development Initiatives at the Service of Corporate Strategy: Kahawa Bora, Starbucks and the Revitalization of Coffee in Eastern Congo
Regina Scheyvens	Massey University	Tourism partnerships: harnessing tourist compassion to 'do good' through community development in Fiji

Session 84: Agriculture and Sustainability in Practice	Room: Room Tba
---	-----------------------

Arif Rashid*, Adam Reinhart	USAID	Sustainability in Practice: The Food for Peace Experience
Olivia Riemer	TMG - Think Tank for Sustainability	Exploring Social Capital as a Means to Achieve Land Degradation Neutrality (SDG 15.3)
Olivier Vilpoux	Catholic University of Campo Grande – UCDB	Producer Organizations and sustainability of agrarian reform in the Brazilian Midwest: much remains to be done

Session 85: Empowering women and improving gender equality in South Asian agriculture **Room: Room Tba**

Neha Kumar	International Food Policy Research Institute	The power of the collective empowers women: Evidence from self-help groups in India
Diane Charlton	Montana State University	The impact of natural disaster on women's empowerment, aspiration, and mental health indicators: Evidence from the 2015 Nepal earthquake
Agnes Quisumbing*, Audrey Pereira	International Food Policy Research Institute	Designing for empowerment impact: The Agriculture, Nutrition, and Gender Linkages (ANGeL) project in Bangladesh
Mike Murphy	International Food Policy Research Institute	Labor scarcity and women's role in agricultural production: Evidence from Bangladesh

Session 86: Selected Topics in Sustainability and Development - 2 **Room: Mason 1401**

Kalyani Raghunathan*	International Food Policy Research Institute	Co-ethnicity and contribution: The effect of identity on willingness to contribute to a public good
Azra Musavi	Aligarh Muslim University	Attitudes of pastoral communities towards conservation and alternatives to forest resources: case study from north-west Himalayas, India
Pallab Mozumder	Florida International University	Natural Disaster and Sickness Shocks: Evidence of Informal Insurance from Bangladesh

Session 87: Taxation and Development **Room: Room Tba**

Chris Grady	University of Illinois: Urbana-Champaign	An Information Campaign to Increase Tax Compliance in Zomba, Malawi
Claudiney Pereira*	Arizona State University	The Impact of the Tax System and Social Spending in Income Redistribution and Poverty Reduction in Latin America
Abdrmane Camara	Universite Clermont Auvergne - Clerdi	Long run effects of FDI on tax revenue in developing countries

Session 88: Monitoring and Indicators in Development		Room: Room Tba
Ahmad Mohammad Khalid	Indian Institute of Technology Delhi (IIT Delhi)	State of Environment in India: A Sub-National Perspective
Mahima Thussu	Faculty of Architecture, Dr. APJ Abdul Kalam Technical University, Lucknow	Optimising Mixed Land Use proportions to attain sustainability by Decision Based Modelling System-Case of an Indian Tier II metropolitan city centre
Edgardo Bucciarelli*	University of Chieti-Pescara	Understanding the Long Run Controversies between Economic Growth and Human Well-Being: Unrelated Fields or Unlikely Bedfellows?
Izza Aftab	Information Technology University	Mapping Sustainable Development Goal Indicators for Pakistan: Way Forward

Session 89: Implementing Sustainability and Development-2		Room: Room Tba
Judy Van Biljon*	University of South Africa	Capabilities and Affordances in Sustainable Research Collaborations: the perspective of postgraduate students in Information and Communication Technology for Development
Balkissa Daouda Diallo	Umass Boston	Rethinking Social Impact Assessment (SIA) to achieve Social Sustainability: The Case of the Niger River Basin Project
Wendy Robertson	Central Michigan University	Well Beyond: Tackling Water Scarcity through Technology

Session 90: Selected Topics in Sustainability and Development-3		Room: Room Tba
Anna Libey	Mortenson Center, University of Colorado Boulder	Comparing life cycle costs for water service delivery in Colorado, Cambodia, Ethiopia, and Kenya
Joshua Thompson*	University of Minnesota	Evaluating the Process of Forest Certification in Sumatra
Damla Durak Uşar	Özyegin University	Estimation of the Static Corporate Sustainability Interactions

Session 91: Equity and Justice in Development **Room: Dana 1046**

Georgina Gurney*	ARC Centre of Excellence for Coral Reef Studies, James Cook University	Fairness and marine co-management: exploring principles of distributional equity in Fiji
Michael Mikulewicz	GCU	Community-level resistance to climate change adaptation: Climate injustice in São Tomé and Príncipe
Udaya Wagle	Western Michigan University	The Role of Evolving Social Protections in Reducing Poverty and Inequality: Theoretical Expectations vs Contextual Variations

Session 92: Forests, Fires and Carbon **Room: Room Tba**

Aniseh Bro	Appalachian State University	Wildfires and Climate Change: A socio-ecological system's approach to understanding wildfire risk and mitigation
Sahan Dissanayake*	Portland State University	Forest Carbon is Not Cheap: Evidence from a Choice Experiment in Community Forests of Nepal
Innocent Onah	African Development Bank Group	Estimation of Fuelwood-Induced Carbon Emission from the Use of Improved Cook Stoves by Select Households in Kwara State, Nigeria
Jörg Peters	RWI - Leibniz-Institute for Economic Research	Energy efficiency and general equilibrium effects – Evidence from a randomized policy roll-out

10:45-11:15am **Coffee Break, Dana 1st floor, Mason 2nd floor**

11:15-12:30pm **Track I: Sessions 93-102**

Session 93: Market Actors for Sustainability **Room: Dana 1028**

Tomas Hult, Daniel Hult	Michigan State University, University of Michigan	A Theory of Market-Based Sustainability
Giulia Lotti	Inter-American Development Bank	Mobilization Effects of Multilateral Development Banks
Pablo Pacheco	WWF	Progress of private commitments to sustainability across disparate approaches

Session 94: Towards Empowerment-2
Room: Dana 1046

Elena Martinez	International Food Policy Research Institute & Tufts University Friedman School of Nutrition Science and Policy	Who is empowered? Predictors of empowerment in five countries in Africa and Asia
Sarah Khan	University of Goettingen	Asset ownership and female empowerment in Pakistan: Evidence from a natural experiment
Bilge Erten*	Northeastern University	Female Employment and Intimate Partner Violence: Evidence from Syrian Refugee Inflows to Turkey
Katrina Kosec	International Food Policy Research Institute (IFPRI)	How Do Perceptions of Relative Poverty Influence Women's Empowerment? Evidence from Papua New Guinea

Session 95: Improving safe drinking water provision for a wide range of drinking water
Room: Mason 1401

Matthew Vedrin	University of Michigan	Applying distribution system modeling and water quality monitoring to assess the impact of distribution system characteristics on microbial water quality in Ann Arbor, MI and Benton Harbor, MI
Q. Melina Bautista*	Research fellow, Department of Civil & Environmental Engineering	Contrasting microbial water quality in intermittent vs. continuous water supply
Ernesto Martinez	University of Michigan	Water quality monitoring in the intermittent water supply system in Mexico City, Mexico
Adélaïde Nieguitsila	University of Science and Technology of Masuku (USTM)	Establishing coordinated water quality monitoring across natural and engineered water systems in Lambarene, Gabon
Lutgarde Raskin	University of Michigan	Challenges and opportunities for collaboration across research and professional sectors toward sustainable clean water supplies

Session 96: Seeds, Water, and Investment for Sustainable Agriculture **Room: Dana 2024**

June Guo	UVM	Refugee Seed Systems in Vermont
Vidhulaa Vangal*	New York University	Reimagining Agriculture for Development with a Focus on Sustainable Production
Mywish Maredia	Michigan State University	Farmer Preference for Quality Seed Source: Evidence from the Central Dry Zone Region of Myanmar
Mark Purdon	École des sciences de la gestion, Université du Québec à Montréal (UQAM)	Sustainability, Land and Industrial Policy in sub-Saharan Africa: Findings from a Ten-Year Investigation into Investment Projects in the Land-Use Sector of Uganda and Tanzania

Session 97: Food Security at Multiple Scales **Room: Dana 1024**

Chris Bene	International Center for Tropical Agriculture (CIAT)	Drivers of the (un)sustainability of our food systems: a global analysis
Mercedes Campi*	CONICET and University of Buenos Aires, Faculty of Economics, IIEP-Baires	Specialization in food production and global food security: a bipartite network analysis
Ching-Cheng Chang	Institute of Economics, Academia Sinica	Reducing Food Loss and Waste: a Regional Perspective from Asia-Pacific Region
Marc Cohen	Oxfam	Does the Feed the Future North Project in Haiti Conform to the Principles of Development Effectiveness?

Session 98: Gender in Development **Room: Mason 1427**

Joyce Chen	The Ohio State University	It's Raining Babies? Flooding and Fertility Choices in Bangladesh
Beliyou Haile*	IFPRI	Gender differences and weather-induced agricultural labor allocation: Evidence from rural Tanzania

Nishtha Kochhar	Georgetown University	Does Marriage Market respond to Natural Disasters? The Flooding of River Kosi in Bihar, India
-----------------	-----------------------	---

Session 99: SDG Linkages **Room: Mason 1437**

Gokcer Ozgur	Gettysburg College	Sustainable Development Goals: The Role of Informality
Kenneth Reinert	Schar School of Policy and Government, George Mason University	Prioritizing the SDGs: Towards Basic Development Goals
Donatella Saccone*	University of Pollenzo	Synergies between SDGs: an assessment of direct and indirect effects of electricity access on food security
Paola Velasco Herrejon	University of Cambridge	Inclusive Definitions of Sustainable Development: Insights of Indigenous People in the Context of the Energy Transition

Session 100: Selected Topics in Institutions for Sustainability and Development **Room: Mason 1469**

Simon Beaudoin-Gagnon*	Université de Montréal	Solutions for the world ocean
Stein Holden	Norwegian University of Life Sciences	Trust and Cooperation within Youth Business Groups forming Sustainable Businesses
Frank Li	Western University	Corporate Visibility and Corporate Social Responsibility

Session 101: Gender, Education, and Equity **Room: Mason 1449**

Pratyusna Patnaik*	National Institute of Rural Development and Panchayati Raj	Women's Participation in Institutions of Community Forestry: Does it make any Difference?
--------------------	--	---

Emily Rains	Duke University	Women and work: How informal work influences political behavior and the implications for the gender participation gap in slums
Eva Sierminska	LISER	Fields Specialization in Economics: A gender story?
Joyce Wu	Australian National University and Kansas State University	How University Equity and Diversity Initiatives can Bridge Inequalities between Global North and South: The case study of Kansas State University
Kerry Daigle	University of Vermont	Review of Strengths and Applications of the Women's Empowerment in Agriculture Index
Grace Burleson	University of Michigan	The E4C Solutions Library: A Tool to Analyze Essential Technologies for Reaching the SDGs

Session 102: Selected Topics in Development and Indigenous Peoples

Room: Dana 3556

Allison Hopkins	Texas A&M University	Food Security and the Viability of Yucatec Maya Sustainable Traditional Subsistence Strategies
Seth Norton*	Wheaton College	Cultural Lag, Path Dependency, and the Quality of Government
Cristian Vasco	Universidad Central del Ecuador	"The determinants of social capital among the Kichwa and the Shuar of the Ecuadorian Amazon

12:30-1:30pm	Lunch (provided), Dana and Ford Commons
---------------------	--

1:30-2:30pm	Closing Discussion, MLB Auditorium 3
--------------------	---
